

## Central Europe

### *Please pray for:*

- Strategies to be developed to reach US military forces and families stationed in Europe, with many being deployed to the Middle East. May the Spirit guide the missionary personnel to also help reach other smaller US military bases and installations across Europe all the way from England to Spain.
- Permanent facilities to be secured for the church-plant being pastored by Richard & Deborah Crabb (Germany) as they are currently renting a conference room in a hotel.
- Visas to be granted to missionaries Jason & Andrea Morrison (Czech Republic). They have just received their second visa rejection.
- Bible college enrollment in the Czech Republic. Please pray for 20 new students, as well as for scholarships to help them prepare for ministry.

### *Praise reports:*

- The new church plant in Hofheim, Germany, is doing great. Missionaries Richard & Deborah Crabb have had visitors every service, and the people are excited about the new church. A new lady said she had been praying for years for a church in Hofheim, Germany. Two pastors have told the Crabbs that they had been praying for a new Pentecostal work for a long time in Hofheim. The city has 43,000 people, and is located near Frankfurt, Germany.
- Missionary Al Perna (Germany) would like to praise the Lord for how He is working in AGMME (Assemblies of God Military Ministries Europe). Each of the main churches are growing and enjoying the blessings of the Lord. For several years prayers have been offered for workers to come and help this unique area of ministry. The Lord is answering prayers, as four

couples are “in the works” preparing to come and assist. Some bases are closing but consolidating with others that will grow up to 10,000 each in Germany.

## Culturally Diverse Communities (CDC)
